

Drill Bits - SDS+

SDS + DRILL BITS & CHISELS

Drill bits and chisel bits with a shank to fit SDS+ (hammer) drilling machines. Suitable for drilling concrete, natural stone, brick, marble, ceramics, etc. The Metalworks range includes individual drill bits in a choice of three lengths. The Luna range includes sets and individual drill bits in up to seven different lengths depending on size with a regular cutter head. There is also a newly extended range with 4 cutter heads from 5mm to 30mm as well as a comprehensive range of chisel bits and an adaptor so that SDS+ drill bits can be used on an SDS Max machine.

Masonry - SDS+

A 10 piece professional quality SDS + masonry drill bit set in a handy fold up storage case with easy access to the individual drill bits.

110mm overall length	mm	5 (x2), 5.5, 6, 8
160mm overall length	mm	5, 6, 8, 10, 12

Drill Bits - SDS+

SDS+

SDS-Plus percussion drill with 4-flute drill bits and high-grade special steel shank. The design of the drill bit gives an excellent result with regard to the hole size and centering with gives extended life to the drill bit. The design also gives a good result in reinforced concrete thanks to the drills 4-flute tip geometry. The drill cuts through the reinforcement without travelling sideways. The result will be a straight centred hole with reduced risk of crack formation, which gives a strong and secure fastening. The drills four flute-spiral also permits good removal of drill dust. For drilling in concrete with or without reinforcement, natural stone, brick and other similar materials.

Supplied individually.
