

## 8 Series Tool Boxes

The Teng Tools 8 series range of tool boxes has been developed to meet the high demands of quality conscious professional users all over the world. No detail has been ignored in order to create top quality tool boxes and roller cabinets. The range includes 5 top boxes, 3 middle boxes and 9 different roller cabinets and they can all be used with the Teng Tools tool storage system with over 100 different tool trays.

- All top and middle box side handles are rubber dipped to give a more comfortable grip when carrying the box around
- All top boxes are supplied with a plastic tote tray with aluminium handle for less weight to carry around and no scratching, etc. (excludes TC806SV)
- All roller cabinets are fitted with a side handle for easier movement and the handles have a soft grip to make it more comfortable to use. (excludes TCW807SV)
- All Teng Tools tool boxes are made from heavy gauge, top quality steel for longer life and stability and are powder coat painted with a five step rust prevention and undercoat to prolong the life of the paint finish
- All Teng Tools roller cabinets are fitted with 5" heavy duty soft wheels to make them easier to move around.
- The wheels are on the corners with a U form wheel base for added strength and stability
- All drawers are fitted with a two step ball bearing slide system so that the drawers open smoothly but also so that they fully extend so that access to the tools is much easier
- The construction method used gives a drawer capacity for top boxes and middle boxes of 20 kilos and 25 kilos for the roller cabinet drawers
- EVA mats included for all drawers to minimise scratching, etc.
- Combination locks to give security without the need for keys. (except SV range which have key locks)
- All the drop front top boxes feature the Teng Tools eyes logo to make the tool box more distinctive and eye catching
- A full range of accessories including side tables and cabinets, drawer dividers and parts trays.
